

Application Test/comments as of Date 21 August 2024

1. There is no dashboard for the user to see in detail the raised requests as a history statement
2. Live chat message not received by ADMIN user
3. Background Pictures shows twice (cleaner man) it should be different and also put some better pictures,

4. Arabic Language / mandatory
5. Admin dashboard unclickable and I cannot see the excel format or reports download option

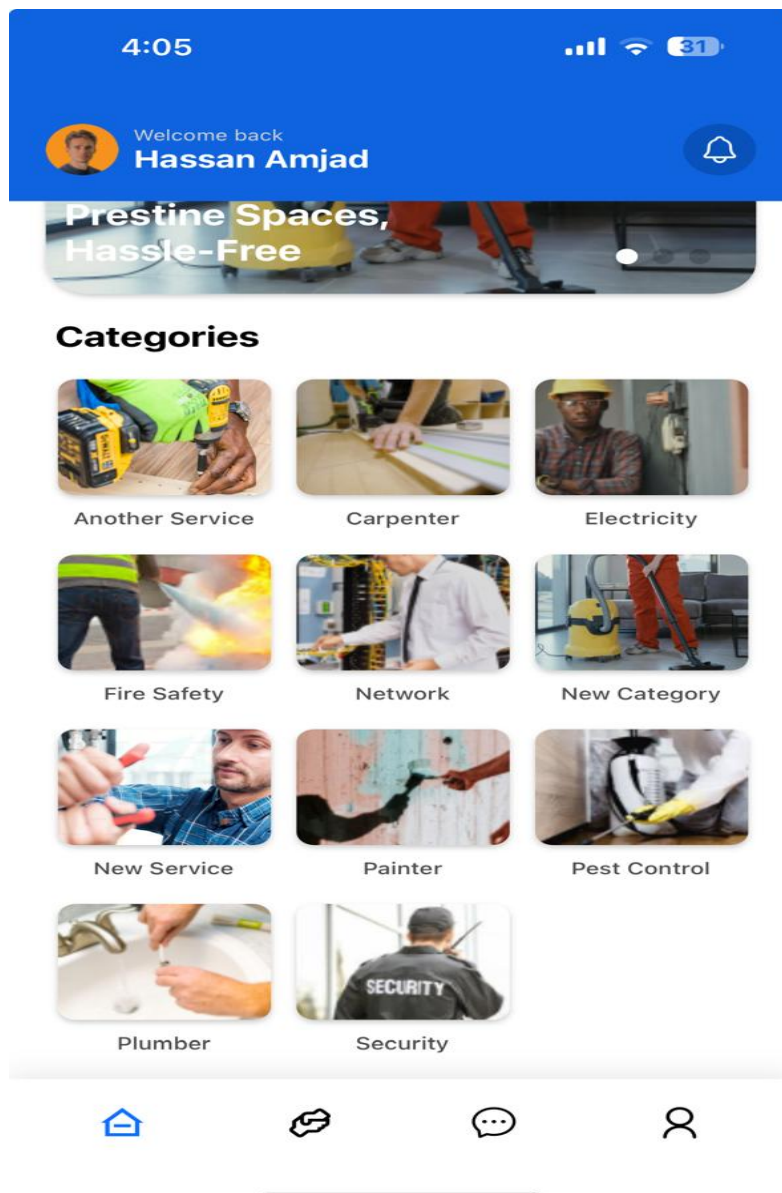

6. The

Admin

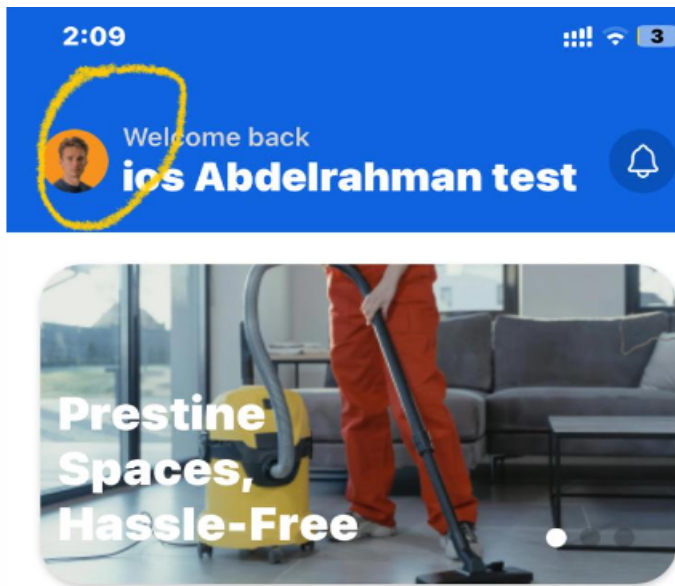

been
the
and

7. The
Picture
cannot

new user
registration is
reflected in
user, but the
Request has
raised from
Application
has not been
reflected yet.

user profile
is fixed for
everyone and
uploaded

8. (Another service, New Services, New category) Please remove these categories, only one keep option.
9. The following service are missing.
- Ac services
 - Drainage
 - Aluminium glass
 - Civil work
 - Handyman services.
